TYPE	SPEC SHEET
DATE	2026-07-27

Screw Plate Glue-applying Machine

Internal Product ID: ENFT-OFM-042

Brand	Enft
Model Number	enft
Place of Origin	China
Certification	ISO 9001
Min. Order Qty	100
Price	10000\$
Supply Ability	eg1000
Packaging	STD
Delivery Time	20DAYS
Payment Terms	T/T

Overview

Specialized industrial machine designed for applying antirust glue to screw plates. Features a high-efficiency PLC control system and a manual-feeding method that integrates component assembly, optimizing labor and stabilizing production rhythm.

Description

Equipment Function:

Applying antirust glue to screw plates and assisting in valve assembly.

Equipment Speed:

More than 35 pieces/minute.

Electrical Specifications:

Voltage: 220V

Total Power: Less than 3 KW

Air Pressure: ≥ 0.6 MPa

Equipment Features:

Control system powered by OMRON series PLC

Pneumatic components utilize high-quality AIRTAC series cylinders

Efficient manual-feeding method that allows one operator to complete assembly

Integrates the assembly of the screw plate and check valve, saving one labor unit

Stabilizes the production rhythm of the entire line and improves overall efficiency

Compact design with stable industrial-grade components

Dimensions:

1500 x 1000 x 1500 mm
