| Delivery Time       | 20       |
| Payment Terms       | T/T      |

## Overview

Professional pleating machine designed for eco-friendly oil filter paper production, featuring pre-slitting, automatic counting, and adjustable operating speed for stable and accurate performance.

## Description

The ECO Reciprocating Oil Filter Pleating Machine is specially designed for manufacturing high-quality oil filter paper elements with stable and efficient production performance. The machine adopts an upper and lower alternating blade system to achieve precise pleating with uniform dimensions and smooth finishing for various filter types.

Equipped with a pre-slitting function and automatic counting system, the machine improves production efficiency while reducing operational errors. Its adjustable speed range from 0 to 100 pleats per minute allows flexible production according to different manufacturing requirements. With its compact structure, easy operation, and low maintenance requirements, this machine is an ideal solution for automotive filter manufacturers seeking reliable quality and cost-effective production.

Technical Specifications

• **Model:** ENFT-EFM-007  
**Material:** 304 Stainless Steel  
**Power:** 1.5KW  
**Speed:** 0-100 pleats/min  
**Size:** 1600 x 1400 x 1500 mm

• **Operating Speed:**  
0-100 pleats/min  
0-100 pleats/min

• **Voltage:**  
380V

• **Total Power:**  
5KW

• **Dimensions:**  
1600 x 1400 x 1500 mm
