

80T Stretching machine

Internal Product ID: ENFT-FMM-046

Unit of Measurement	Set
Brand	ENFT
Place of Origin	China
Certification	Manufactured Under Strict Quality Control
Min. Order Qty	1
Supply Ability	100 Sets/Month
Delivery Time	45 Days After Receipt of Advance Payment

Overview

80T high-performance hydraulic stretching machine for metal forming and filter shell drawing.

Description

80T Stretching machine technical specifications:

- Nominal pressure: 400KN
- System pressure: 25MPa
- Slider stroke: 450mm
- Ejection stroke: 180mm
- Motor: 7.5KW
- Jiangsu Hengyuan: 40L
- Operating height: 800mm
- Floor area: 1500x1150x2750mm
- Total height of the machine: approx. 2750mm
