

Curing oven

Internal Product ID: ENFT-FMM-058

Brand	ENFT
Place of Origin	China
Certification	Manufactured Under Strict Quality Control
Min. Order Qty	1
Supply Ability	100 Sets/Month
Delivery Time	45 Days After Receipt of Advance Payment

Overview

A 13m total length far-infrared heating curing oven for efficient baking and curing.

Description

Curing oven. Technical parameters:
Total length of the baking road: 13m
Length of the baking road: 10m
Length of the front conveying line: 980mm
Length of the rear conveying line: 1980mm
Conveyor belt width: 800mm
Height of the belt plane from the ground: 730±20mm
Frequency conversion speed regulation: 0.5-1.5m/min (calculated based on 160mm height)
Heating method: Far infrared heating tube is used for heating
Heating power: about 48KW, Total power: about 52KW
Network belt width: 800mm, Effective width: 750mm
The preheating time is not more than 40min under winter room temperature, and the temperature can be adjusted to 220°C
