

Screw plate and housing package machine

Internal Product ID: ENFT-FMM-061

Brand	ENFT
Model Number	JRGF-130
Place of Origin	China
Certification	Manufactured Under Strict Quality Control
Min. Order Qty	1
Supply Ability	100 Sets/Month
Delivery Time	45 Days After Receipt of Advance Payment

Overview

Model JRGF-130 rotary machine, used for sealing diesel filters or other metal containers.

Description

Screw plate and housing package machine. Technical parameters:

- 1. Model: JRGF-130
- 2. Use: rotary machine, diesel filter seal or other metal container seal
- 3. Production efficiency: 22 cans/min
- 4. Sealing diameter: Φ50-Φ118
- 5. Maximum thickness of steel plate for sealing parts: 0.8
- 6. Sealing parts assembly height: 50-300mm
- 7. Motor: 4kw 1420r/min
- 8. Supply voltage: 380V
- 9. Working pressure: 0.6MPa
