

Automatic oil spraying machine

Internal Product ID: ENFT-FMM-074

Unit of Measurement	Set
Brand	ENFT
Place of Origin	China
Certification	Manufactured Under Strict Quality Control
Min. Order Qty	1
Supply Ability	100 Sets/Month
Packaging	Volume: 5 CBM, Weight: 500 kg
Delivery Time	45 Days After Receipt of Advance Payment

Overview

Automatic oil injection machine with product conveying and automatic quantitative spraying functions.

Description

Technical Parameters & Equipment Features:

- Speed: >35 pieces/min
- Machine size: 750mm*500mm*1200mm
- Voltage: 220V
- Total power: 400W
- Air pressure: >=0.6MPa
- Features product conveying and automatic quantitative spraying functions;
- Wide application range, adjustable conveyor belt spacing, maximum spraying diameter of 150mm, product height up to 350mm;
- Spray time with digital setting, intuitive and convenient, adjustment range 0.01s~99.99h;
- Precision spray valves ensure high quality spraying requirements are met.
