

Horizontal injection molding machine

Internal Product ID: ENFT-FMM-078

Unit of Measurement	Set
Brand	ENFT
Place of Origin	China
Certification	Manufactured Under Strict Quality Control
Min. Order Qty	1
Supply Ability	100 Sets/Month
Packaging	Volume: 40 CBM, Weight: 20000 kg
Delivery Time	45 Days After Receipt of Advance Payment

Overview

High-performance horizontal injection molding machine with 3000KN clamping force.

Description

Technical Parameters:

- Clamping force: 3000KN
- Opening stroke: 590mm
- Distance between tie-bars: 615*615 mm
- Machine dimensions: 5.98*1.66*2.35m
- Machine weight: 10t
