

# Two-Station Leak Detector

Internal Product ID: ENFT-OFM-084 • ENFT-FTM-002

|                     |                                           |
|---------------------|-------------------------------------------|
| Unit of Measurement | Set                                       |
| Brand               | ENFT                                      |
| Model Number        | ENFT-ALT-200                              |
| Place of Origin     | China                                     |
| Certification       | Manufactured Under Strict Quality Control |
| Min. Order Qty      | 1 Set                                     |
| Price               | 6,885.62                                  |
| Supply Ability      | 100 Sets/Month                            |
| Packaging           | Standard Export Packaging                 |
| Delivery Time       | 45 Days After Receipt of Advance Payment  |
| Payment Terms       | 100% T/T in Advance                       |

## Overview

Two-station leak detection machine designed for filter airtightness testing.

## Description

| Item                 | Specification                        |
|----------------------|--------------------------------------|
| Machine Type         | Two-Station Air Leak Testing Machine |
| Application          | Filter Air Leak Testing              |
| Production Speed     | 15 pcs/min                           |
| Loading Method       | Manual Loading                       |
| Workpiece Transfer   | Automatic Robot                      |
| Power Supply         | 220V                                 |
| Total Power          | 8 kW                                 |
| Working Air Pressure | >=0.6 MPa                            |
| Machine Dimensions   | 1400 × 1100 × 2000 mm                |
